

The Palace at Home Receives a Top Agency in Country Award
Home Health Agency Honored for Fifth Consecutive Year

MIAMI—The Palace Group’s Medicare-certified home health agency, The Palace at Home, was recently named to the list of Top 100 Home Health Care Agencies in the United States.

This marks the fifth consecutive year that The Palace at Home, which operates in Miami-Dade and Broward counties, has been recognized.

The list, known as HomeCare Elite™, is a compilation of the most successful Medicare-certified home health care providers throughout the country. The annual review identifies the top 25 percent of agencies both facility-based and free-standing and ranks them by an analysis of performance measures in quality outcomes, improvement and financial performance. Home health agencies are compared against the performance within Florida and in the country. The greatest importance is placed on quality of care.

“It is again an honor to receive this recognition,” said Palace Group President Helen Shaham. “Our employees are focused on providing customer-centered care and an award and recognition such as the Homecare Elite is a testament to the efforts of the entire Palace Team.”

The Palace’s continuum of care also includes The Palace Suites, a luxurious independent living community; The Palace Royale, a “catered living” community; The Palace Renaissance, an assisted living community; The Palace Gardens, an assisted living community in Homestead; and Palace Tel-Aviv, a continuing care retirement community in Israel. Their newest community, The Palace at Coral Gables, will open in 2011 for previews and reservations.

For information about The Palace’s communities, please call (305) 271-2220 or visit www.ThePalace.org.
