THE PALACE AT HOME RECEIVES BROWARD CERTIFICATION

WESTON, Fla.—The Palace Management Group, one of South Florida’s leading companies specializing in senior housing and care for more than 25 years, recently received Medicare certification in Broward County for its home health agency, The Palace at Home.

Initially established in 1997 to provide services for residents at The Palace’s communities in Kendall and Homestead, The Palace at Home was expanded to serve Miami-Dade County’s older adults and became Medicare-certified in 2001.

The nearly 10-year-old agency extended its service area to Broward County in May, 2005 to meet the increasing demands of the South Florida’s elderly population. Managed by Administrator Julio Chacon, The Palace at Home has a team of over 250 employees who have helped the agency achieve zero deficiencies on its last six state surveys.

“We are extremely pleased to become Medicare-certified in Broward,” said Chacon. “The certification makes it possible for more seniors to receive financial help and eases the burden of having to transition outside their homes for treatment.”

Professional nurses, therapists and home health aides, with guidance from the patient’s physician or discharge planner, provide personalized care on a short or long-term basis for patients desiring to live at home.

Services include companionship, personal services and assistance with activities of daily living; rehabilitation including strengthening, home and safety exercises; and infusion treatments, wound care, and blood pressure monitoring.

Based in Kendall, The Palace at Home has a Broward office located at 2214 Weston Road within The Palace at Weston’s Sales and Information Center. For more information, please call [954-349-4855](tel:954-349-4855) or visit www.thepalace.org.
